

Slow Artisanal Wines BeloBelo 2024 (kopie)

Slow Artisanal Wines is a Slovenian winery where wine is given time to breathe, evolve, and speak. Childhood friends Marko and Matija craft natural wines with extended skin contact and without compromise. Each bottle captures the raw spirit of Štajerska – wild and alive. No tricks, no additives – just soil, grape, and the touch of the winemaker.

A naturally crafted Sauvignon that steps away from the classic green and grassy profile. With a 10 day maceration, it gains more body, ripe tropical fruit notes, and a touch of spice. Its golden-amber hue hints at a wine full of character yet incredibly drinkable.

13.22 €
